1 The Board believes that the legislation of written policies is the function of the Board, and that the
2 execution of the policies should be the function of the director.
3

4 The Board delegates its executive powers to the director. This provides freedom for the
5 director and staff to administer the schools within the Board's policies, and frees the Board to
6 devote its time to policy-making and appraisal functions. In the absence of Board policy, the
7 director is expected to use his/her best judgment.
8

9 In cases where action must be taken with the school system where the Board has provided no guides for
10 administrative action, the director shall have the power to act.
